

# Improve

## NICU OUTCOMES

BY PROVIDING  
ESSENTIAL EDUCATION

AngelEye Health's flexible OnlineEducation™ Solution empowers parents by offering a portal where hospitals can provide customizable education and follow parents' progress on the patient's path to discharge.

**The Solution supports original or licensed photos, videos, PDFs, and presentations organized in a flexible folder structure customized to meet the needs of your families.** In addition to the hospital's proprietary information, the Solution offers 27 optional pre-loaded videos available in English and Spanish. Parents have access to the full set of resources during their child's stay and up to 90 days post-discharge.

- Easy-to-use interface makes managing education content straightforward and effortless.
- Content is available on our free App or online.
- Content can be marked as "core," ensuring all families receive information automatically on admission.
- Content can be assigned to meet the specific needs of each family.
- The App includes an embedded "acknowledgement" feature that notifies staff when required education is complete.
- The Discharge Checklist isolates required education for an at-a-glance view of the parents' progress toward a timely discharge.
- Staff can access reports to ensure parents complete required education materials.

AngelEye is pleased to partner with InJoy Health Education, the nation's leader in birth and parenting education

BASIC PACKAGE

## The AngelEye OnlineEducation Solution

Hospital clients get access to curated optional content that spans the entire NICU journey. Each short session (1.5 – 3.5 minutes) delivers essential evidence-based information through clear visuals and authentic stories prepared at a 5th grade literacy level.

### Essential NICU Videos

- Breastfeeding in the NICU
  - Hand Expression
  - How to Use a Pump to Express Milk
  - Importance of Breastmilk
  - Storing Breastmilk
- 
- Brain Development & Senses in Premature Babies
  - Communicating with Your Baby
  - Kangaroo Care
  - NICU Equipment & Technology
  - Premature Baby Appearance
  - Touch & Soothing Techniques

### Mother Care Videos

- Baby Blues
- Perinatal Mood Disorders

### Extended Breastfeeding Videos

- Breastfeeding Positions
- Feeding Cues
- Feeding Patterns
- Latching On
- Milk Production
- Signs of Getting Enough Milk

### Discharge Readiness Videos

- At Home: Coping with Crying
  - At Home: Safe Sleep
  - Circumcision & Penis Care
  - Infant CPR (**New**)
  - Infant Choking First Aid (**New**)
  - SIDS
- 
- Car Seat Safety for NICU Babies
  - Infant Car Seats

### The AngelEye Basic Library helps you:

- Orient new parents to the NICU and its equipment.
- Empower parents to share in their baby's care and practice important self-care.
- Teach about the importance of pumping and breast milk.
- Improve discharge readiness and decrease LOS.
- Extend learning into the home.
