

AngelEye Health Named to Prestigious Inc. 5000 Listing

Leading Family Engagement Technology Provider Ranked 3,412 on the 2022 List of America's Fastest-Growing Private Companies

NASHVILLE, Tenn. August 16, 2022 -[AngelEye Health](#), a leading provider of family engagement solutions for hospital neonatal and pediatric intensive care units, today announced that the organization was named 3,412 (and 195 in Health Services) on the annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses. Facebook, Chobani, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

AngelEye has nearly a decade of experience in patient and family engagement in pediatric and neonatal intensive care environments. The company's proven [HIPAA-compliant family engagement platform](#) integrates parents simply and seamlessly into the child's care. In the past three years alone, the company has grown exponentially, more than tripling its annual revenue, growing its employee base to 39, a 5x increase since 2018, and expanding its extensive client list to 125+ partners across the U.S. with a 100% retention rate.

"We are honored to be ranked on such an esteemed list of enterprises, which includes many of the nation's most recognized companies," said Christopher Rand, CEO at AngelEye Health. "Our AngelEye Health team is committed to our mission to improve family engagement in the hospital by easing workflow challenges for staff and improving the experience for families. This ranking is a testament to our hard work and our steadfast dedication to continuous innovation and support of our partner hospitals."

Addressing bonding, patient progress and treatment communication, feeding, and focused education, AngelEye offers a portfolio of solutions for supporting the highly specialized needs of the neonatal environment. 31,246 families signed up for AngelEye Health services in 2021, leveraging the company's advanced engagement technologies to view hospitalized infants more than 7 million times for almost 303,000

hours of connection along with receiving patient updates via more than 56,000 text, photo, and video messages from hospital staff.

"The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, editor-in-chief of Inc. "Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today."

AngelEye was designed by clinicians to improve the efficiency of critical care workflows, resulting in improved communication and collaboration between families and care teams. The innovative system delivers on the promise of family-centered care, offering [advanced camera technology](#) with live-streaming video, a [PatientConnect](#) app that allows clinicians to send text, photos, and recorded video, an [OnlineEducation portal](#) to empower parents and ensure a timely and successful transition home, and a [MilkTracker](#) app that makes the feeding process safer, efficient, and engaging for providers and families.

About Inc.

The world's most trusted business-media brand, Inc. offers entrepreneurs the knowledge, tools, connections, and community to build great companies. Its award-winning multiplatform content reaches more than 50 million people each month across a variety of channels including websites, newsletters, social media, podcasts, and print.
